- When supplies of 2 or more products are requested and they have the same purpose (as determined by the scheme) then the maximum amount for each product must be reduced accordingly. e.g. if 2 products with the same purpose are supplied equally then the maximum amount for each should be reduced by 50%.

Questions and concerns

- For further information or assistance with your order please call (02) 9565 4315. Information provided by NSW Stoma Ltd about the availability and/or features of any product is not intended to be advice or recommendation as to the suitability of that product for use.
- You may benefit from a Stomal Therapy Nurse (STN) reviewing your products if you are experiencing problems with your stoma. An STN review can ensure that you are using the correct product and that any damage to skin is addressed. NSW Stoma recommends you see a stomal therapist annually as a minimum to review your product usage.
- We recommend that members obtain the advice of an STN or medical practitioner before obtaining or using products which have not previously been used by the member.
